INFORMATION TO BE INCLUDED WITH THE APPLICATION

FOR REZONING REQUEST

STATEMENT OF INTENT:

Documentation of the changing land use character of the area in which the requested change is made and evidence that a public need exists for the petitioned rezoning classification. Documentation of the changing land use character of an area can be established by recent rezonings and subsequent development. Evidence of a public need can be established by quantifying the amount of vacant acreage available for development in the area of the subject property. Little vacant acreage may indicate a public need for additional property to be rezoned to the requested classification.

All rezoning requests should conform to Jackson's Future Land Use Plan. A copy of the plan is available for public inspection in the Zoning Office, Suite 204, Warren A. Hood Building, 200 South President Street.

SITE PLAN OR LOCATION MAP:

A map, plat, site plan, or survey showing location of subject property and surrounding vicinity shall be included with the application. The Plan or map should include parcel lines with dimensions, roads, and any other physical features, such as creeks or streams.

FOR SPECIAL EXCEPTION REQUEST

Documentation that the proposed use will be non-retail in nature, promote the public health, safety or the general welfare of the community and not adversely affect adjacent property owners. In addition, no off-street parking will be in the front yard set-back, nor will there be any change in the integrity and appearance of the property or the existing structure that would be contrary to the desired character of the area. No parking will be allowed in the street for the special exception use.

Special Exceptions are granted on a yearly basis only during the occupancy or ownership of the person to whom it was granted, and upon their vacating the property or structure, the property and/or structure shall revert to the original use. The **annual renewal** fee is \$150.00 as of **January 1, 2016**. If the Special Exception is canceled by the City Council, the renewal fee is not refundable.

When making application for a Child Care Center, it will be necessary for the applicant to contact:

Mississippi Department of Health, Child Care and Special Licensure
Post Office Box 1700, 2423 North State Street
Jackson, Mississippi 39215-1700 - (601) 576-7613

FOR USE PERMIT REQUESTS

The justification statement shall state the grounds upon which the request is based, and shall further demonstrate that the granting of a Use Permit will not adversely affect the surrounding properties nor otherwise be detrimental to the public welfare.

The development and execution of the Zoning Ordinance is based upon the division of the community into districts, within which districts the use of land, buildings, the bulk and location of buildings and structures in relation to the land are substantially uniform. It is recognized, however, that there are certain uses which are generally compatible with the land uses permitted in the zoning district, but due to their unique characteristics, require individual review to ensure the appropriateness and compatibility of the use of the sun on any particular site.

When considering applications for Use Permits, the City Council shall consider the extent to which:

1. the proposed use is compatible with the character of development in the vicinity relative to density, bulk and intensity of structures, parking and other uses;
2. the proposed use will not be detrimental to the continued use, value, or development of properties in the vicinity;
3. the proposed use will not adversely affect vehicular or pedestrian traffic in the vicinity;
4. the proposed use can be accommodated by existing or proposed public services and facilities including, but not limited to, water sanitary sewer, streets, drainage, police and fire protection, and schools;
5. the proposed use is in harmony with the Comprehensive Plan; and
6. the proposed use will not be hazardous, detrimental, or disturbing to present surrounding land uses due to noise, glare, smoke, dust, odor, fumes, water pollution, vibration, electrical interference or other nuisances.

A Use Permit may be issued subject to such conditions as are necessary to carry out the purpose of the Zoning Ordinance and to prevent or minimize adverse effects upon other property in the neighborhood, including, but not limited to, limitations on size and location, requirements for landscaping, lighting, the provision of adequate ingress and egress, and duration of the permit which may be permanent or may be limited to the specific period of time and hours of operation.

Application for a Use Permit shall be accompanied by a site plan drawn at a scale to allow adequate review. Site Plans shall include the following:

1. property boundary lines and dimensions, available utilities, location of easements, roadways, rail lines and public right-of-way crossings adjacent to the subject property;
2. the proposed height, dimensions and arrangements of buildings and uses on the site;

3. the type and location of landscaping proposed for the site;
4. the locations of points of ingress and egress from the site;
5. the location of driveways, parking lots and loading areas on the site;
6. the location of any proposed substantial regrading on the site and any significant topographical or physical feature, including water courses.
7. **As of January 1, 2016**, the annual renewal fee for **Conditional Use Permits** will be \$75.00

FOR VARIANCE REQUESTS

Documentation will include the exact nature of the requested variance and demonstrate the following:

1. The request is a relaxation of the terms of the Zoning Ordinance where granting such variance will not be contrary to the public interest.
2. That special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures or buildings in the same district.
3. That literal interpretation of the provisions of the Zoning Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of the Ordinance and would result in unnecessary undue hardship.
4. That the special conditions and circumstances do not result from actions of the applicant.
5. That granting the variance requested would not confer upon the applicant any special privilege that is denied by the Zoning Ordinance to other similar lands, structures or buildings in the same district.

JACKSON CITY PLANNING BOARD'S ZONING PETITION HEARING PROCEDURE

The Planning Board's Zoning Hearing Meeting functions as a fact finding body only. The purpose of this hearing is to gather and make a record of all pertinent information concerning the petitions in question. A court reporter will take down all statements at the hearing. In addition, a tape recording will be made. A recommendation will be made by the Planning Board and submitted in writing to the City Council. All parties of record on a petition at this hearing will receive a copy of the recommendation on that petition through their spokesman. For this reason, interested parties should not request nor expect any commitment from this Board either at this hearing or later.

The procedure for hearing the Zoning petitions will be as follows:

- A. The Chair will call the petition (by number and name of the petitioner) before the Board members. The petitions will be called in order of the agenda. An inquiry will be made as to whether there is opposition to the petitioner's request.
- B. The Zoning Staff will describe the request and location, the existing land use and zoning in the surrounding area, will note the availability of existing utilities, and traffic counts. The Staff will then present their recommendation, noting any conflict with the Future Land Use Plan.
- C. Petitioner's presentation for:
 1. **Rezoning** must document a significant change in the land use character of the area and the existence of a community need for the petitioned zoning classification.
 2. A **variance** must demonstrate a physical hardship not created by the applicant and that the granting of the variance will not confer upon the applicant any special privilege that is denied to any other similar lands, structures or buildings in the same district.
 3. A **special exception** must demonstrate that the granting of the special exception will not adversely affect the surrounding properties nor otherwise be detrimental to the public welfare.
 4. A **use permit** must demonstrate that the granting of the use permit will not adversely affect the surrounding properties, nor otherwise be detrimental to the public welfare and must include a site plan approved by all relevant City departments.
- D. Any opposition will next proceed with its **entire argument** within the specified fifteen (15) minutes summary time period.
- E. Petitioner may use **any part of the fifteen (15) minutes remaining** to address the questions raised by objectors, if any.
- F. The hearing of evidence on this petition will then be concluded.

During the course of this hearing, members of the City Planning Board and Staff will be asking questions of the witnesses as they appear in order to gain additional information. As a matter of policy and as a courtesy to the witness, questions will be held until his/her testimony is completed. However, if members of this Board feel compelled to interrupt the testimony to ask a question, they are free to do so. The nature or tone of any questions asked by a member of this Board or Staff should not be construed in any way to be an indication of the opinion of the individual or of the Board as a whole. The Board and Staff are simply attempting to gain all the significant information necessary for a recommendation to the City Council.

This is a public hearing. Anyone who desires to present constructive evidence or testimony which is pertinent to a petition is encouraged to do so, as long as it is contained within the framework mentioned above. However, each side should have its testimony well organized, and duplicating testimony should be avoided.

It is the intention of this Board that these proceedings shall be conducted in an orderly, efficient manner, with proper courtesy shown to all parties. Comments from persons not recognized by this moderator as having the floor to speak shall not be admissible, recorded, or considered as testimony.
